Where
the earth meets
the sky

We invite you to join us for a unique event in Scouting history, in support of programs, initiatives and experiences for Canadian youth and to celebrate and recognize 100 years of Scouting.

An evening of celebration and entertainment awaits 400 of Canada's business and community leaders and friends of Scouting. The proceeds from this black tie event will guarantee that all Canadian youth are able to enjoy the Scouting experience and ensure there is No One Left Behind.

Over 5,000 Canadian youth in financial need require assistance to participate in Scouting and a new *No One Left Behind* fund will allow the Scouts Canada Foundation to provide much needed grants to these youth.

Keynote speakers: Canadian Astronaut and former Scout Dr. Steve MacLean and J. F. Carrey, former Scout and the youngest Canadian to reach the summit of Mt. Everest (2006)

Master of Ceremonies: Kevin Newman Anchor, Global National News
