

Plan your goal with your Group!

Where do you start when setting your goal?

- Set your goals by discussing what adventures the youth want to do this year. Which activities do they want to do and which camps would they like to visit?
- Determine with them the cost of all those activities then break it down by how much they need to fundraise.
- Brainstorm local fundraising ideas to help support their adventure ideas (ie. bottle drives, bake sales, e-waste, etc.)
