

# SCOUTS YLT

## Blindfolded Skit

## RED COAT TRAIL

### Leadership: Teamwork

### The Adventure:

In a group, perform a choreographed skit wearing blindfolds. You'll have to learn your part of the skit and perform it, but without seeing what the other person is doing. You may have an idea of what the Scout beside you is doing, but you won't have the whole story. This means that you'll have to trust your leader. The better you follow the directions, the better the skit will go and the sooner you'll have it learned. The leader can choose a skit, but doesn't have to tell the group.

### Safety Note:

- No fast movements as to not hit anyone hard by accident. Since you'll be blindfolded, you'll have to be cautious to not hit anyone.
- No horseplay while blindfolded.

### Plan:

- Who will lead the group?
- Will you take turns?
- What skit will you use?

### Do:

- Choose a skit and leader.
- Blindfold yourselves.
- And act out the skit.

### Review:

- What do you know now that you did not know before?
