Canada
25th World Scout Jamboree
Jamboree Scout Mondial

ON BEHALF OF THE WORLD SCOUT JAMBOREE 2023 AND THE CANADIAN CONTINGENT, WELCOME TO THE ADVENTURE OF A LIFETIME.

We define an Adventure as “Experiencing something new” and you will have the opportunity to try NEW foods, participate in NEW amazing experiences, and visit a Country that blends the history of millennia and are sharing their current stories on TV, movie screens, social media, and the pop charts of the world.

I want to thank you for joining our team of Adventurers as we explore the history, the culture and the beauty of South Korea. This is the second time that South Korea has hosted a World Jamboree and you will be part of a gathering of tens of thousands of Scouts from all over the world for two weeks. You will have the opportunity to develop NEW Canadian friends, and create NEW friendships with Scouts from all over the world. Canada and South Korea share a unique and special friendship that was created and fostered for the past Seventy years.

David Frederick
Head of Canadian Contingent
World Jamboree 2023.

Susie James
Head of Delegation
Scouts Canada
World Jamboree 2023

Remi Lacharite
Head of Delegation
L'Association des Scouts du Canada
World Jamboree 2023

As part of the World Scouting Movement, you will have the opportunity and duty to enhance and develop this friendship for the future to come.

The theme of the Jamboree is "DRAW YOUR DREAM". It is about you and how you will create your Jamboree experience. These fourteen days will transform your life and provide you stories to tell your families and friends for the rest of your scouting life. Whether you are attending as a youth, a Scouter, or on the International Service Team, we know you will take on this Adventure with the skills and attitude that you have earned, developed and shared through Scouts.

Embrace the Adventure of WJ2023.
Yours in Scouting,

INTRO TO THE CANADIAN CONTINGENT

MISSION

By attending the 25th World Scout Jamboree in South Korea, you, the participants of the Canadian Contingent, are part of an exciting international program of global development, peace, cultural understanding, adventure, friendship, and fun with other Scouts from across the world.

We are all going to South Korea 2023 for a wonderful, life-changing experience but we need to be a bit clearer on what we mean by that.

Your WJ23 Contingent Management Team has approved a set of objectives that fit with the National Vision of Scouts Canada and Les Scouts du Canada. One thing to note is that these objectives don't just cover the time we spend in South Korea but start now and continue beyond when we return to Canada.

The Objectives are below and we hope you find them useful for reference and guidance for your own planning.

OBJECTIVES

By the end of the Jamboree, members of the Canadian Contingent will have:

- Promoted behaviours that foster global understanding which include tolerance, communication skills, empathy and cooperation.
- Experienced a different way of life and recognition of the differences between cultures and countries through their experiences, activities and relationships with other Scouts.
- Acquired knowledge and a respect of others cultures, behaviours and customs.
- Developed views on global issues including peace and security, environment and climate, food and energy, religion, beliefs and diversity.
- Understood their role in international Scouting and as a global citizen.
- Contributed to a fun and exciting event that challenges and develops participants' skills.
- Shared the 'Jamboree experience' not only within the Canadian Contingent Units but also to other interested members of Canadian Scouting and to those outside of Scouting who have supported this adventure.

A BIT OF HISTORY

Shortly after the start of Scouting in 1907, there was a rapid and unexpected spread of Scouting in countries outside the British Isles. This caused Baden Powell to think that a get together of Scouts of all nationalities would be a great opportunity to celebrate together. Any initial ideas he may have had were stifled by the outbreak of war in 1914.

In 1917, it had been hoped that some kind of celebration to mark the 10th anniversary of the experimental Scout Camp on Brownsea Island would be held. However, the plans had to be delayed until after the war, and it was decided that an Imperial and International Jamboree would be held as soon as circumstances would permit.

The First World Scout Jamboree was held in 1920, two years after the war had finished; at Olympia, London. Since then, World Scout Jamborees have been held approximately every four years except during the Second World War and immediately following the revolution in Iran.

World Scout Jamborees today attract some 30,000 - 50,000 Participants and include representatives from nearly all the countries and territories of the World. This means that a Jamboree far outstrips the Olympic Games, as having more countries represented and nearly four times as many participants.

WHAT IS A WORLD SCOUT JAMBOREE?

Despite its size, a World Scout Jamboree is more than just a big camp.

Those who have been to a World Scout Jamboree often find it difficult to describe exactly what makes it special. It is possible to talk about the activities or the ceremonies, the Sub Camp festivals and unit life, but words alone cannot capture the essence of a Jamboree or what makes it different from any other event. Unique to each World Scout Jamboree is the incredible atmosphere generated by so many Scouts, from across the world living together.

Each time it is different and yet it always includes the feeling of being part of a worldwide family, which is built up by the friendships made by participants. In so many cases, these friendships across the globe last a lifetime. World Scout Jamboree organizers have never intended simply to run a big camp.

Baden-Powell had a vision for Scouting as a force for peace and international understanding. At the 3rd World Scout Jamboree in 1929, he said:

"I would urge that (at the Jamboree) we do not let our boys (and girls) be content with the mere fact of being in camp with those of other nations, but that we should encourage them to use every minute of the short time that they are there to make acquaintance, and from acquaintance friendship, with their brother (and sister) Scouts and their future fellow men (and women) in the world."

He was talking over 90 years ago, but it is still true today. A World Scout Jamboree is a great opportunity to put Scouting ideals into practice as well as promoting the fundamentals of each movement.

CONTINGENT STRUCTURE

The Canadian Contingent is made up of a number of different parts and each has a key role to play in the overall Jamboree experience.

JAMBOREE UNITS & PATROL UNITS

Generally each Jamboree Unit will consist of 4 Patrol Units of 9 young people (Youth Participants) and 1 Leader (Adult Participant) for a total of 36 Youth Participants and 4 Adult Participants per Jamboree Unit. In some cases a Patrol Unit may include an Adult Carer in which case that Patrol Unit will have 8 Youth Participants, 1 Adult Participant and 1 Adult Carer.

The Jamboree units will contain Venturer Scouts and Adult Leaders from across Canada; some units will be based on one Council/Area/Geographic Region, some units will be shared between one or more Councils/Areas/Geographic Region and some units will be a composite mixture.

At the Jamboree, the Jamboree Unit (of 4 Patrol Units) will camp together on a site, will prepare food together, will participate in daily Program and evening Sub-camp activities.

The Canadian Contingent consists of roughly 6 full Jamboree Units plus one partial Jamboree Unit, which will likely be combined with Patrol Units from one or more other Countries.

CONTINGENT STRUCTURE (continued)

JAMBOREE UNIT LEADERSHIP TEAM

Each Jamboree Unit is led by a Unit Leadership Team. This Team's main role is to help the participants to make the most of, and get the most out of, the Jamboree experience. World Scout Jamborees are fantastic events and their impact on those that attend can be, in some circumstances, life-changing. Many youths and adults return from Jamborees exhausted but elated!

The role of the Unit Leadership Team is key in making sure that all the participants in the Jamboree Unit take away a positive experience from the Jamboree. This should begin the moment they are selected, and continue right through until the end of the Jamboree experience (which may not be until many months after the Jamboree has actually ended).

It is vital that each Youth Participant gets to know his or her Patrol Unit Leader and also the Patrol Unit Leaders of the other Patrol Units in his or her Jamboree Unit. These people should be the first "go to" people that Youth Participants use to get answers to questions or to resolve issues.

INTERNATIONAL SERVICE TEAM (IST)

The International Service Team (IST) will be made up of adult Scouters from across the world, with a number of them coming from Canada. The IST will be assisting the Jamboree Organising Committee in the day-to-day operation of the Jamboree.

Members of the IST will work in a wide range of areas. For example; if you think of what it takes to run a small town (refuse disposal, catering, food distribution, retail, health care, security and add in running activities), you should get a feel for the wide range of tasks that members of the IST will undertake.

The IST will be recruited from Scout Associations throughout the world. Some will take a full and active part in the Jamboree operation; and similarly, some IST members from Canada will take a full and active part in directly supporting the Canadian Contingent Management Team.

CONTINGENT STRUCTURE (continued)

CONTINGENT MANAGEMENT TEAM (CMT)

The CMT consists of a small group of adult volunteers (above photo), who have been working for many years to bring the Canadian Contingent together for the 25th World Scout Jamboree.

The CMT is responsible for managing the Canadian Contingent. It consists of people responsible for Canadian Unit support, travel, personal kit and patrol equipment, your pre-Camp experience, support for the Canadian members of the IST, and Canadian Communications as well as showcasing Canada at the world stage with our Canada House and our food house, The Sugar Shack. The Team also includes the Contingent Leader and Deputy Contingent Leaders.

MEET YOUR CANADIAN CONTINGENT MANAGEMENT TEAM

David Frederick
Head of Canadian Contingent
World Jamboree 2023

I have been involved with Scouts Canada since 1972. I was a Cub, Scout, Venturer and Rover from 1972 to 1985. I participated in Scouting Groups in Montreal, Sault Ste Marie, Vancouver and Oakville. I was able to attend Canadian Jamborees (CJ) in PEI in 1977 and CJ85 in Guelph as a youth member. I attended the British Columbia Jamboree in 1979.

I joined Scouts Canada as a Leader in 1993 and have had numerous program roles in Beavers, Cubs, and Troop. I have been a Group Commissioner, Area Commissioner and Council Commissioner in Central Escarpment Council that managed over 5,000 participants. I was a team member of the Organizing Committee for numerous large events including The Scout Brigade of Fort George, an annual event that drew over 2000 participants. I have earned advanced Woodbadge I training in all sections including Group Committee, and have my Woodbadge Part 2 Training in Pack and Troop. I have taken youth to CJ97, CJ07 and CJ13. I have volunteered as an offer of service for CJ01, and CJ17. I have been a member of the Canadian Contingents to World Jamborees in 2015, 2019 and my current role as Head of the Canadian Contingent for the World Jamboree to be held in South Korea in 2023. I have been honoured and awarded with over 20 commendations, the Bar to the Silver Acorn, the 2007 Baden Powell Centennial Medal. The Ontario Volunteer Award for 25 years' service, and the Canadian Governor General's Sovereign Medal for Volunteers.

I have tried to live up to the Scout Promise and Law in all that I have attempted and accomplished. I look forward with anticipation, to the opportunities and adventures of tomorrow.

MEET YOUR CANADIAN CONTINGENT MANAGEMENT TEAM

Susie James

Head of Delegation
Scouts Canada
World Jamboree 2023

Susie James has been a volunteer in Scouting for 28 years, and a member of Scouting and Guiding since 1984. Currently she is both a Group Commissioner for 23rd Nepean and the Head of Delegation for Scouts Canada within the Canadian Management Team for the World Scout Jamboree 2023. She has been a member of previous World and Canadian Jamborees and these have given me so much inspiration to make this adventure amazing for everyone. As a youth you get one opportunity to attend these events, this makes them a once in a lifetime experience. Many of us adults only get to attend one of these events as well. For this I am excited for all those attending this coming jamboree in South Korea, August 2023, and I am looking forward to helping make it the best experience for everyone.

Remi Lacharite

Head of Delegation
L'Association des Scouts du Canada
World Jamboree 2023

My name is Rémi Lacharité and I am the head of delegation for the Association des Scouts du Canada. I am on the HOC team leading the entire Canadian contingent. As the contingent leader, I will be with you at the pre-camp, and available in the field for the duration of the Jamboree. Based on my experience as Unit Leader at WSJ2019 in the USA, I am confident that you will all experience an unforgettable Scouting event!

MEET YOUR CANADIAN CONTINGENT MANAGEMENT TEAM

Ashfaque Nalim
Project Manager
Canadian Contingent
World Jamboree 2023

Ashfaque is the Project Manager of the Canadian Contingent. He attended WJ19 as a PUL. He has been Scouter for 15 years serving in many roles including Venturer Advisor, Group Commissioner, Area Commissioner, Group Support Scouter and Council Voting Rep for GTC. Ashfaque enjoys cycling, hiking and paddling.

George Christian
Lead, IST Support
Canadian Contingent
World Jamboree 2023

I've been involved in Scouting for over 30 years as an adult; with another 10 years as a youth. I've worked with Cubs, Scouts, Venturers and Rovers, most of the time being with Venturers and Rovers. I have been and Area Commissioner, a Council Commissioner, and the Elections Officer for Scouts Canada. I have attended 6 Canadian jamborees; (1977, 1981, 1997, 2001, 2007 and 2013), Adventure 2012, the 2013 World Rover Moot, and the 2019 World Jamboree as Team Lead, IST Support.

Currently, in addition to my WJ role, I am a Scouter with 6th Dundas Venturers and Rovers. Outside of Scouting, I keep myself busy geocaching, taking photos and tinkering with my smart home.

MEET YOUR CANADIAN CONTINGENT MANAGEMENT TEAM

Eric Innis

Co-lead, Health, Safety and Support
Canadian Contingent
World Jamboree 2023

Hi everyone, I'm Eric, the Assistant Team Lead for the Support, Risk and Safety Team. My role is to help make sure you have what you need for a safe and enjoyable jamboree experience. We are preparing for the jamboree by conducting risk assessments and creating action plans, and at the jamboree we will be on the ground making sure things are going smoothly.

I scouted with 5th Meadowvale in CEC my whole life until I am now with 1st Owen Sound in Shining Waters. Was a council voting representative for 2 years, and a member of the nominating committee and work on a number of other camp planning teams. I like contributing to scouting by listening to and advocating for people.

At WJ19 I helped the contingent's members maximize their experience by helping people solve day-to-day issues and get back on track to enjoying the journey.

Maria Elisa Aparicio

Co-lead, Health, Safety and Support
Canadian Contingent
World Jamboree 2023

Hello everyone, my name is Maria, the team lead for the Health, Safety and Support team. My job is to make sure everyone has a safe experience at the Jamboree by planning for every scenario.

I've been in scouting for 20 years, started back in my home country Colombia. Currently from Montreal, I've been part of both, the Association Scouts du Canada, and Scouts Canada.

South Korea will be my fourth Jamboree, third time with the Canadian contingent and second time working as "Care Corps" during the event.

Hope to see you soon!

MEET YOUR CANADIAN CONTINGENT MANAGEMENT TEAM

David Pouliot
Lead, Travel
Canadian Contingent
World Jamboree 2023

Hi! My name is David Pouliot and I am the travel and pre-camp lead for the contingent. I've been a scouter with the 2e Groupe de Hull for the past 6 years, and it's now been 14 years since I started in Scouting.

I love to travel, and that led me to participate in the 23rd World Scout Jamboree which took place in Japan in 2015. I look forward to meeting all of you and working on making this an amazing international Scouting experience for you in South Korea next summer!

Marie-Claude Lemieux
Lead, Travel - PreCamp
Canadian Contingent
World Jamboree 2023

My name is Marie-Claude Lemieux and I'm the deputy International Commissioner for international events and leader for the Planète Scouts committee at l'Association des Scouts du Canada. I'm responsible for the pre-camp so I'll be one of the first face you'll see on Korean soil.

I got involved in the movement when I was 9 years old and never left. Scouter, Commissioner, Chief of Delegation for the Icelandic Moot in 2017 are some of my experiences as a Scout. International scouting takes an important place in my life. I hope to be there for you in case you need it to make this adventure, an unforgettable one.

MEET YOUR CANADIAN CONTINGENT MANAGEMENT TEAM

Laura Jarvis

Lead, Finance, Administration & Registration
Canadian Contingent
World Jamboree 2023

Laura has been a Scouter since 1996 and enjoyed many years of Troop and Company leadership with the 132nd Toronto while her sons were involved.

Since 2007 she has been a "paper scouter" volunteering at the Area, Council, National & International level. At the 2019 World Scout Jamboree she was Base Camp Chief for Canadian Rockies managing camp life for 8,000 participants from 120 countries.

Fun fact: Laura's first CJ was in 1997 Thunder Bay, where she was appointed Ontario provincial government liaison because she spoke 3 distinct languages – English, Scouting & Government!

Rob Ramsden

Lead, Logistics and Procurement
Canadian Contingent
World Jamboree 2023

Rob Ramsden is the Logistics and Procurement Team Lead. He held the same role for the 23rd World Scout Jamboree in West Virginia in 2019. Rob has been in scouting since 2001 and a scouter since 2011. Having been a troop scouter, company and crew advisor and a contact scouter at each level with groups in Mississauga and in North bay while in university. He has served on the organizing teams for a wide variety of small area and council level camps along with the Scout Brigade of Fort George Summer and Winter campaigns in a variety of roles including camp committee, site, logistics, commissary, security and program over the last 15 years. He is looking forward to exploring Asia for the first time at this next World Scout Jamboree.

MEET YOUR CANADIAN CONTINGENT MANAGEMENT TEAM

Rubene De Sousa
Lead, Marketing and Communications
Canadian Contingent
World Jamboree 2023

Rubene De Sousa has been a Scout Leader in Toronto for over 34 years, currently with the 78th Toronto, and a member of Scouts Canada since his Scout youth days in 1982. He has, and is currently, serving on the Canadian and World stages as a member of previous (and current) Canadian and World Jamboree Contingent Marketing teams, including WJ15 in Japan, WJ19 in West Virginia, CJ01 in PEI, CJ13 in Alberta, AdVenture 2014 in Newfoundland, and CJ17 in Nova Scotia. On the National level, Rubene served as National Social Media Advisor on the National Service Team and on the National Communications Functional Team as a Designer. He has represented Greater Toronto Council proudly for many years as the Deputy Council Commissioner – Marketing and Communications as well as Area Commissioner for the Skyline Area. Rubene is excited to be heading to South Korea to warm up from the cold winter we had this winter.

Emily Wan
Lead, Programming
Canadian Contingent
World Jamboree 2023

As the Program Lead, Emily is in charge of being an ambassador for Canadian Scouting for the Canada House Pavilion and collaborating with contingent participants for Culture Day. Emily is currently the Group Commissioner for 32nd Richmond in Pacific Coast Council in Greater Vancouver and have been a leader in Scouting for over 15 years and provided service in Council and National initiatives for training, sponsorship and recruitment. Emily started as Cub and never looked back, proceeding into excellent adventures through Venturers and Rovers both in 32nd Richmond and as an executive in the 180th Rover Crew. Emily have been in regional and international jamborees and was an IST in Program and Canada House at the 2015 World Jamboree in Japan.

MEET YOUR CANADIAN CONTINGENT MANAGEMENT TEAM

David Franklin, CCC
Lead, Food House
Canadian Contingent
World Jamboree 2023

Certified Canadian Chef de Cuisine, Culinary Federation National Treasurer & President of the London Chapter, accomplished Toastmaster and Scouts Canada member since 1977– David Franklin is currently a Business Development Manager with Sysco in Southwestern Ontario.

Joining the Scouting Movement as a Beaver Scout in Peterborough, David moved through all of the youth

sections attending CJ85 in Troop and an International Encampment in Texas in 1986, he earned his Chief Scout Award and took his Scouter in Training as a Venturer. Shortly after squiring as a Rover, David moved on to college and his culinary career.

After receiving his Certificate of Qualification and Red Seal in the trade of cook in 1996 following his training at Sir Sandford Fleming College in Peterborough, Chef Franklin built a successful career in the food service industry while developing his professional culinary skills. In 2009 David challenged the three-day exam the Canadian Culinary Institute to become a Certified Chef de Cuisine. About that same time he rejoined the Scouting Movement as a Pack and Colony Scouter with his daughters.

A passionate trainer for outdoor cooking skills, David is a coauthor on a regional quartermaster program for Scouting that certifies safe food-handling, allergen training, supports Canada's food guide, meal planning and purchasing as well as outdoor culinary techniques. Often David is running the kitchen team at local, national and international events. Canada had its first Food House at the 24th World Scout Jamboree in West Virginia and was a huge success with his team.

Currently Head Technical Skills Judge for the Ontario Skills competition held each May. Over the last two years he has been a regional tasting judge for the Young Chef Olympiad in India. He is currently working on his judges certification with World Chefs and an assistant support manager for Canada's Culinary Olympic Team competing in Germany 2024. David keeps active in his community by participating in various local fund-raising events for charity and of course, Scouting.

MEET AZEBAN, OUR CANADIAN CONTINGENT MASCOT

AZEBAN

The first European settlers found that Native Americans were well acquainted with the raccoon, known in the Algonquin language as "ahrah-koon-em." Many tribes, including the Sioux, felt the clever raccoon embodied wisdom or spirit powers, allowing it to outwit larger animals such as coyotes or wolves.

The Raccoon is a trickster spirit in many North American tribes, particularly common in more light-hearted tales aimed at children.

In some Raccoon legends he is portrayed purely as a mischief-maker, while the legends of other tribes focus on Raccoon using his cleverness and dexterity to escape from danger or acquire food.

Azeban is a lower-level trickster spirit in Abenaki mythology. The traditional homeland of the Abenaki is Wobanakik (Place of the Dawn), what is now called northern New England, southern Quebec, New Brunswick and Nova Scotia.

Pronounced ah-zuh-bahn, Azeban does many foolish and/or mischievous things in Abenaki folktales, but unlike animal tricksters in some other tribes, is not dangerous or malevolent. Azeban deceives animals and other beings for food or other services.

Welcome Azeban!

A BIT ABOUT SOUTH KOREA

FAST FACTS

OFFICIAL NAME:
Republic of Korea

FORM OF GOVERNMENT:
Republic

CAPITAL: Seoul

POPULATION: 51,418,097

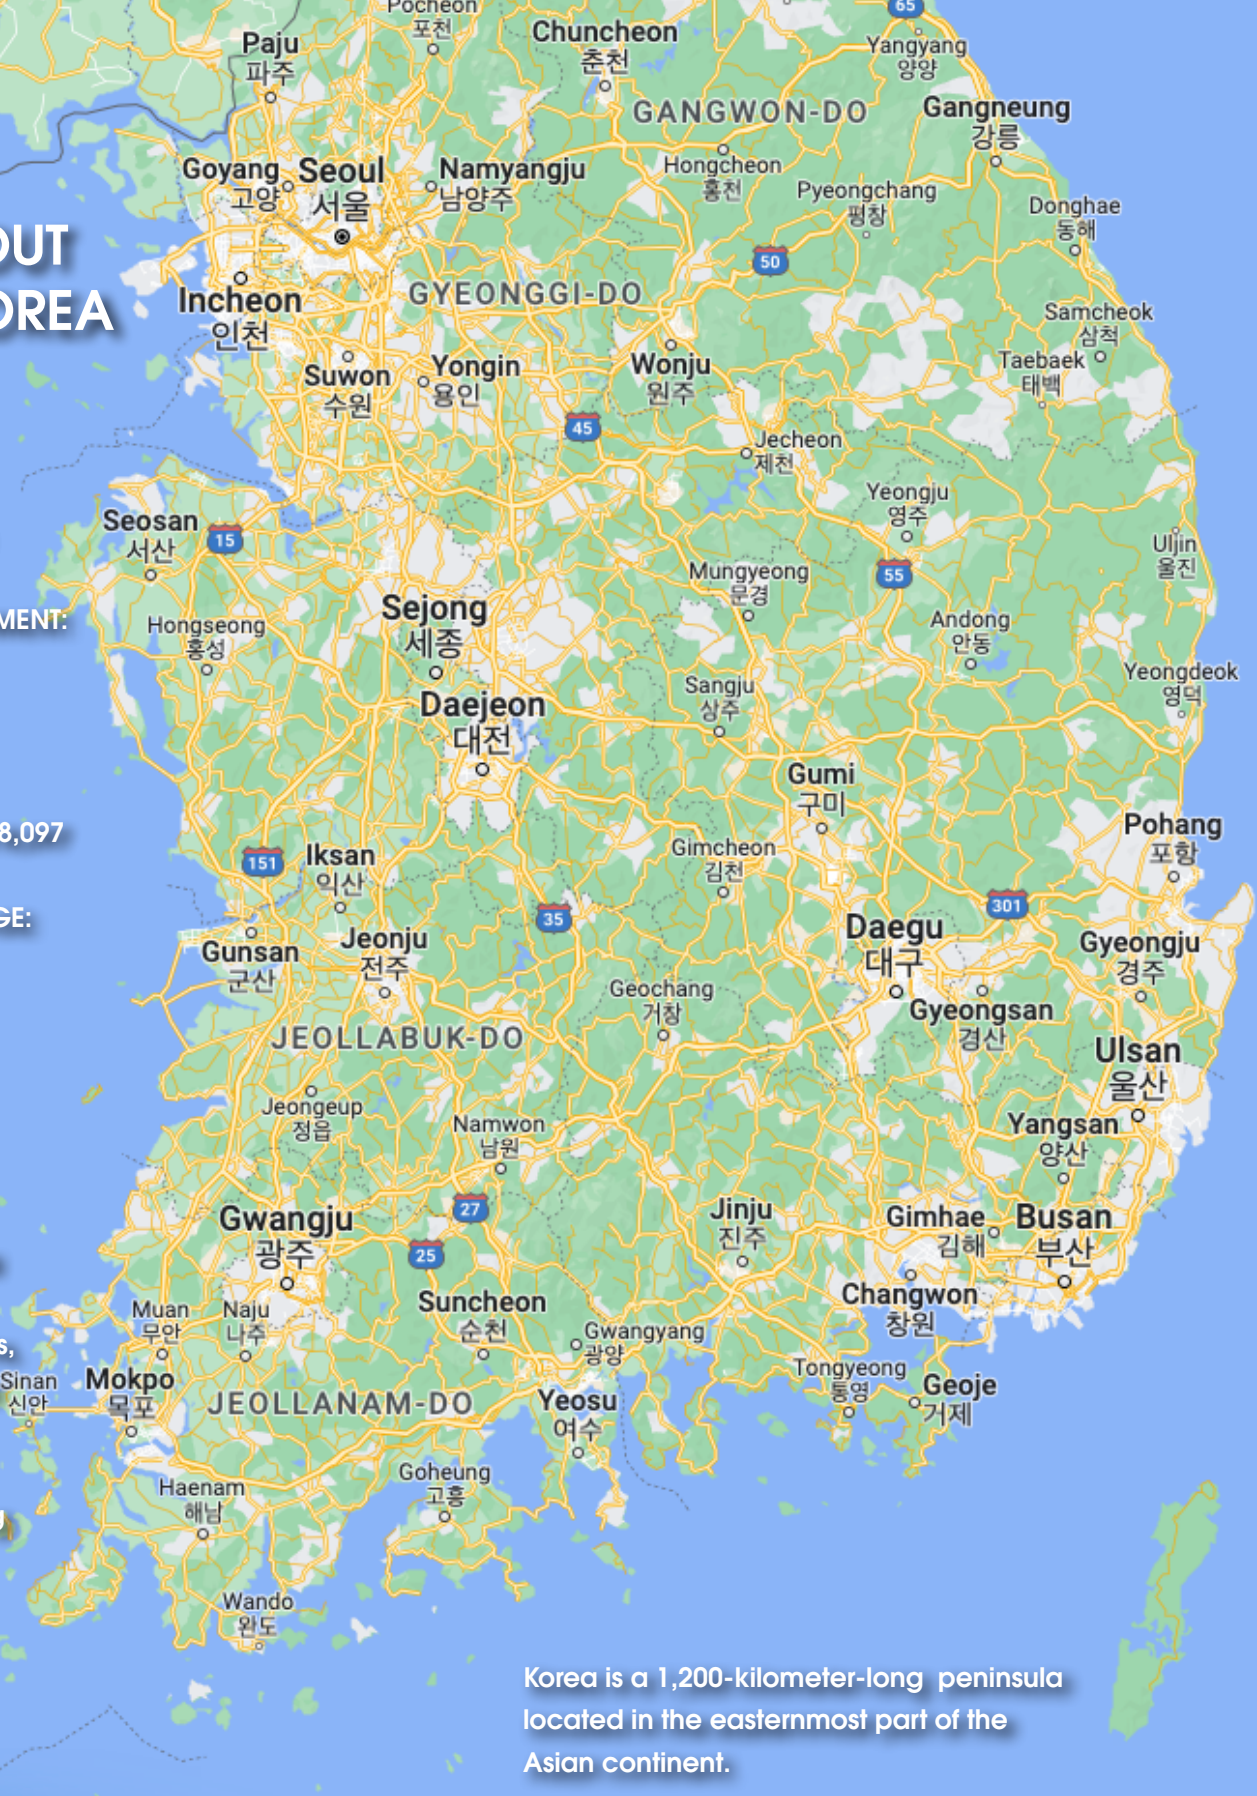

OFFICIAL LANGUAGE:
Korean

MONEY: Won

AREA:
98,190 sq km

MAJOR MOUNTAIN RANGES:
Taebaek Mountains,
Sobaek Mountains

MAJOR RIVERS:
Han, Kum, Naktong

Korea is a 1,200-kilometer-long peninsula located in the easternmost part of the Asian continent.

A BIT ABOUT SOUTH KOREA (continued)

GEOGRAPHY

Korea is a 1,200-kilometer-long peninsula located in the easternmost part of the Asian continent. Today, the country is split into South and North Korea, but in the minds of most of its citizens, it remains a single nation that cannot be divided.

South Korea has many mountains, but they are small compared with others around the world. Over millions of years, their peaks have been worn down by rain and wind. Most summits are below 3,300 feet (1,000 meters). On South Korea's Jeju Island and along a narrow strip in the south, high humidity and rainfall give rise to tropical evergreen jungles. The peninsula is also surrounded by about 3,000 volcanic islands.

PEOPLE & CULTURE

South Korea is a crowded country, with 1,294 citizens for every square mile (499 per every square kilometer) of land. Koreans' lives are heavily influenced by Confucianism, a Chinese philosophy that teaches respect and morality.

NATURE

South Korea is a small country with a lot of people, so there is a huge demand for space. As a result, many of the country's natural habitats have been squeezed into smaller areas.

There are 21 national parks, but the only areas of true wilderness left are the mountain forests.

Tigers used to roam the Korean peninsula, but today there may be none left at all. Some think a few may live in the dangerous Demilitarized Zone between North and South Korea. Korea's tigers were wiped out by hunters who wanted their bones to use in traditional medicines.

GOVERNMENT & ECONOMY

The official name of South Korea is the Republic of Korea (ROK). That is because its government claims to be in charge of the whole of Korea and does not recognize North Korea as separate. The ROK government is headed by a president, who is elected to a five-year term.

South Korea has one of the strongest economies in Eastern Asia. Most of its wealth comes from manufacturing and service industries, such as banking. It exports ships, cars, computers, and other electronic items.

A BIT ABOUT SOUTH KOREA (continued)

HISTORY

People have been living in Korea for at least 10,000 years. Archaeologists believe the ancestors of today's Koreans came from Mongolia and Siberia.

Korea's first kingdom was Old Chosun, which ruled the northwest and parts of China for more than 22 centuries. In 108 B.C. it was overthrown by Chinese armies, and three new kingdoms emerged: Koguryo, Paekche, and Silla. In the A.D. 660s, the Silla, with the help of Chinese troops, won control of the country.

By A.D. 901 Korea had once again broken into three kingdoms. In 936, a powerful noble named Wang Kon unified the country under the name Koryo. This kingdom lasted until 1392, when the Yi family seized the throne and began the Choson dynasty, which ruled until 1910.

The first Europeans to reach Korea were sailors on a Dutch merchant ship that ran aground on Jeju Island in 1656. They were held prisoner for 13 years, but one man escaped and returned home. His tales inspired European traders to go to Korea, but their ships were banned from Korean ports until the 19th century. In 1894, Japan and China sent soldiers to put down an uprising in Korea. Afterward, they and Russia fought for control of Korea, which Japan won in 1910. When Japan lost in World War II, its territories, including Korea, were taken over by the Allies. Soviet troops occupied the north while U.S. troops stayed in the south. In 1950, the communists in the north invaded the south, sparking the beginning of the Korean War. The war raged until 1953, and more than 2.5 million Koreans, Americans, Chinese, and others died. The war was never officially ended, and the Koreans remain divided.

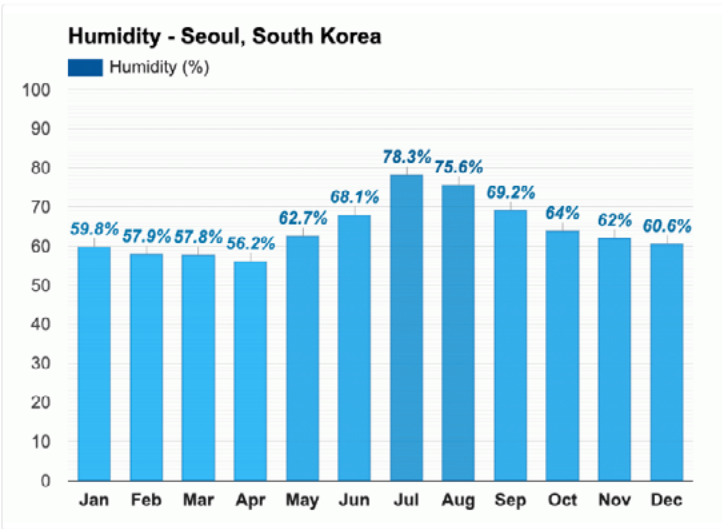

AND NOW A BIT ABOUT THE WEATHER

HINT: IT WILL BE HOT AND HUMID WITH A VERY GOOD CHANCE OF RAIN

South Korean summers occur during the rainy season and last from July to August. Korea often has very hot and humid summers. Although the average temperature usually sits around 35 degrees celsius, it can get as hot as 40 degrees Celsius as the maximum temperature.

This time of year is also when Jangma (monsoon season) occurs. Jangma begins in June or early July and lasts 2-6 weeks. Japan and China protect South Korea from most of the area's typhoons, but one or two still manage to travel through to South Korea each year during the summer months.

Average humidity in August Seoul, South Korea

Average humidity in August: 75.6%

The month with the highest relative humidity is July (78.3%). The month with the lowest relative humidity is April (56.2%).

	Jul	August	Sep
Average high temperature	28.6°C 83.5°F	29.6°C 85.3°F	25.8°C 78.4°F
Average low temperature	21.9°C 71.4°F	22.4°C 72.3°F	17.2°C 63°F
Average humidity	78.3%	75.6%	69.2%
Average rainfall	395mm 15.55"	364mm 14.33"	169mm 6.65"
Average rainfall days	16.3	14.6	9.1
Average daylight	14h 28min	13h 35min	12h 26min
Average sunshine	3h 54min	4h 54min	5h 54min
Average UV index	10	9	7

Average temperature in August Seoul, South Korea

Average rainfall in August Seoul, South Korea

Average rainfall in August: 364.2mm

The wettest month (with the highest rainfall) is July (394.7mm). The driest month (with the least rainfall) is January (20.8mm).

MORE FACTS ABOUT SOUTH KOREA

- One of the interesting facts about South Korea is their surnames. You may have read and heard Kpop idols and Kdrama stars have the same surnames. Well, 20% of Koreans share the same surname. The most common last name is Kim, followed by Lee, then Park.
- The 2018 Winter Olympics were held in Pyeongchang, South Korea.

- Jjajangmyeon is one of the most popular dishes in Korea. More than seven million bowls are served every day!
- More than 90% of the world's seaweed consumption comes from Korea. Seaweed soup is a popular dish usually eaten on birthdays.
- South Korea is about the same size as Indiana, United States.
- Some interesting facts about South Korea you will see during your trip are their unique forest trekking spots. In fact, about 63% of South Korea is covered in forest.
- There are more than 3,000 islands around South Korea, with Jeju being the biggest.

- Did you know that there are more than 200 kinds of kimchi? The variations include regular kimchi with napa cabbage, cubed radish kimchi, and even cucumber kimchi.
- On Valentine's Day, women give chocolates and gifts to their husbands or boyfriends to show their love.

- White Day, March 14, is when men give gifts to their girlfriends and wives — with data showing that they typically spend about three times as much as they received on Valentine's Day.
- Black Day, April 14, is when singles come together to "mourn" the fact that they are single by eating bowls of jjajangmyeon.

MORE FACTS ABOUT SOUTH KOREA (continued)

- The tallest building in South Korea is the Lotte World Tower in Seoul. It is also the fifth tallest building in the world. At 555m, with 123 floors, it is a mere 2.65 metres taller than the CN tower for eighth tallest freestanding structure in the world.
- Approximately 9.9 million people live in Seoul.
- South Korea has the second lowest percentage of obese citizens, following Japan.
- You are already one year old when you are born, and foreigners have difficulty grasping the concept.

- In Korea, scissors are used to cut meat, noodles, vegetables, and kimchi.
- The internet in Korea is fast, arguably the fastest in the world. Their internet is so fast that they can have many internet cafes, where people can go and play video games. Because the internet is so fast, cyber sports are a big deal in South Korea! Stadiums of big-screen TVs are used for the competitions.
- Taekwondo is one of the most popular sports in Korea! It is also part of the top 5 most popular martial arts worldwide!

PLANNING AHEAD

Important documents

You must make sure to have all your important documents way before the trip, and put them in the small backpack you will have with you in the plane. You should also make copies of these documents to leave at home, give to your Scouter and place in your carry-on.

The important documents are:

- Passport (and permanent residency card if applicable)
- Printed copy of your itinerary
- Signed Parental consent letter (for travelers under 19 years old)
- [K-EITA](#) or [visa](#) (if applicable; Canadian passport holders do not need these)
- Medical prescriptions and [Permit to bring in controlled medication to Korea](#) (if applicable)
- [Proof of vaccination against COVID-19](#) (recommended) and [Q-Code submission](#) (optional)

Follow your Patrol Leader's instructions to know how to handle and protect your important documents during the trip.

Although the contingent is in contact with the Canadian Embassy in Seoul, it is recommended to [register as a Canadian abroad](#) to receive important information from the Government of Canada in case of an emergency. If you will be travelling with a non-Canadian passport, have a look at your issuing government's website for a similar service.

Visit travel.gc.ca to get the official advice from the Government of Canada for travel to South Korea.

PLANNING AHEAD

MONEY

The currency in South Korea is the Won. A Canadian dollar is worth approximately 1000 South Korean Wons (KRW). The contingent recommends that you bring between \$300 and \$500CAD for the trip (300,000 to 500,000 KRW). You should bring at least part of it in cash and could bring a portion in prepaid credit cards or other means.

You will have to pay out of pocket for some meals (lunch on the way back from the Jamboree site to the airport, any meals you take while waiting at the airport, etc.) and if you need to buy a replacement item. You will also be able to buy souvenirs and treat yourself at the Jamboree Food Houses, including Canada's very own which will offer poutine, pancakes with maple syrup, and iced coffee.

To obtain South Korean wons in Canada, you will need to order it in advance from your bank or financial institution. You may order it online or in person, and it may take more than a week to get your wons, so plan ahead!

Cash and credit cards are widely accepted in South Korea. You may also bring a debit card but will need to find ATMs that carry the same logos as what appears on the back of your card to be able to withdraw money from your account. Beware that fees may be imposed by your financial institution and the ATM itself for each transaction, no matter the amount you withdraw. You cannot pay directly with your debit card in South Korea.

Electronic Devices, Apps & Electricity

You may bring your cell phone or other electronic devices for the trip. You will also need to manage charging for these devices. Understand that you won't have access to electricity near your tent so a solar charger or portable charger can be very useful. However, note that you will be responsible for these devices and that the contingent is not responsible for any loss or damage.

You will have regular access to Wi-Fi during the trip including on the Jamboree site. Note that using your cell phone in South Korea may incur additional fees. Have a look at your cell phone plan before leaving home. Using an e-SIM card or a South Korean SIM card may help you avoid these fees. If you plan on getting a regular South Korean SIM card, try having it delivered to your home before leaving as you may not have time to pick it up at the airport. Also, make sure your device is compatible with the option you plan to choose.

Useful apps to install on your device before the trip are:

- Discord (contingent's communication)
- Papago (translation)
- Naver Map (navigation)

In terms of electricity, South Korea uses Type F plugs at 220 volts/60 Hertz. You will need a plug adapter to use your Canadian devices and chargers in South Korea. You may also need a converter if your devices cannot handle 220V/60Hz (check the specifications on your device to know).

PLANNING AHEAD

MEDICATION & VACCINES

If you need to take medication, make sure to have enough for the entire trip plus 5 additional days. You must bring them in their original packaging with the prescriptions. You need to bring them with you on the plane and they must be easily accessible.

You need a permit in order to bring in certain narcotics into South Korea. For more details, please see [Permit to bring in controlled medication in Korea](#).

Although there are no mandatory vaccines to enter South Korea, you should discuss with your doctor, pharmacist or travel clinic to get recommendations specific to your situation.

FLIGHT ITINERARY

You need to monitor the airline's website with your flight number to make sure that the timing remains the same and that, in case of change, you can make sure to arrive at the airport at least 3 hours in advance.

It would also be a good idea to provide the person who will pick you up at the airport upon your return with your flight number and expected arrival time.

BAGGAGE

Make sure to identify your baggage and make it stand out so that you can easily retrieve it when you arrive at your destination. A colored item added to your checked baggage will allow you to identify it quicker on the carousel.

You may also use the luggage tag provided in your contingent kit. It should include the basic information to reach someone at home (name, address, phone number, email, name of the event).

A baggage tracker (e.g. AirTag) can also be useful in case your baggage is lost.

To make sure you don't forget anything, we prepared a checklist with the necessary items to bring on the trip. We created different lists for checked baggage, carry-on baggage and backpack. You will find these lists at the end of the document.

You must place all electronic devices and medication in your backpack or carry on and be ready to take them out at the security checkpoint. Do not bring liquids over 100 ml on the plane. Put all containers together in a 1L clear resealable plastic bag and place it in your carry-on or small backpack. Also put clothing for a few days in your carry-on.

It is recommended to use a backpack instead of a rolling suitcase, as not all trails will be paved on the Jamboree site. Remember that you will need to carry your bags every time we're on the move. So make it easy to carry.

Baggage checklist

Forbidden items in the cabin:

- Sharp objects like knives
- Liquids with more than 100 ml

Restricted item in the checked baggage:

- All electronics should be with you on the plane, **NOT** in the checked baggage.

Checked baggage:

1 per person, 23kg (50lbs), 158 cm (62in)

Forget-me-not

- Full Scout uniform (for opening and closing ceremonies)
- Clothing for the whole trip (including at least one pair of long pants)
- Personal hygiene products + clothes washing essentials
- Walking shoes
- Sleeping gear and pajamas
- Swimsuit and towel
- Camping eating set
- Sunscreen and mosquito repellent
- Trading items
- Other useful items

Carry-on (or another backpack)

1 per person:

55 cm X 40 cm X 23 cm (21.5 in X 15.5 in X 9 in)

- Copy of your important documents and cards
- 2 complete changes of clothes (including contingent t-shirts)
- Everything with a battery
- Personal hygiene products (toothbrush, toothpaste, deodorant)
- Contingent gear (hat, necker and badges)
- Other items to maximum the space

***Liquids of 100ml or less, all containers must be in a 1L resealable bag) ***

Personal bag (your day backpack)

1 per person: 33 cm X 43 cm X 16 cm (13 in X 17 in X 6 in)

- Important personal documents: boarding passes, passport, parental letter of consent, Korean drugs authorization (if needed)
- Wallet (money, IDs and debit/credit cards)
- Medication (inside the original packages with the prescriptions in a plastic resealable bag)
- Feminine hygiene products (if needed)
- Things you may need during the flight, such as:
 - Pillow, earplugs and sleep mask (if needed)
 - Sweater
 - Tablet / phone / earphones and chargers
 - Masks (when arriving in Korea)
 - Water Bottle / snacks
 - Other activities to pass the time (book, games, etc.)

List of important documents

- Passport (and permanent residency card if applicable)
- Printed copy of your itinerary
- Signed Parental consent letter (for travelers under 19 years old)
- K-ETA or visa (if applicable; Canadian passport holders do not need these)
- Medical prescriptions and Permit to bring in controlled medication to Korea (if applicable)
- Proof of vaccination against COVID-19 (recommended) and Q-Code submission (optional)
- Safe from harm course certificate (for adults only)

PACKING LIST

CAMPING ESSENTIALS

- Lace-up, closed-toe trail shoes or hiking boots (broken-in, not new!)
- Water shoes/crocs for showers
- Sneakers/Running shoes to change out of when at subcamp and to explore the city.
- Lightweight sleeping bag or sleeping bag liner
- Pillow (inflatable / camp size / stuff sack)
- Backpack (60 to 75 L)
- Passport plus a photocopy of your passport and Jamboree ID number.

CLOTHING

- Contingent clothing
(For travel and Camp wear)
- Formal Scout uniform
(for Jamboree ceremonies)
- Neckerchiefs
(to wear and to trade!)
- Daily Clothing (Contingent kit
plus extra pants and shorts)
- Socks (4-5 pair)
- Hat/Bandana (in your kit)
- lightweight sweatshirt or
long sleeve shirt
- Rain gear (poncho is in your kit,
pants a good idea)
- Sleep clothes (2 sets)
- Underwear (5 pair)
- Swim suit
(you'll definitely need this
for Water Activities!)

PERSONAL GEAR

- Towels (2) – quick dry is best
- Hand towels (2)
- Water bottles (x2)
- Day pack (in your kit)
- Personal eating gear
(plate, bowl, cup, cutlery,
mesh bag for hanging to dry)
- Flashlight/headlamp
with extra batteries
- Insect repellent—non-aerosol
- Toiletries: Deodorant, soap,
toothbrush, toothpaste,
foot powder, lip balm, sunblock,
small pack of wet wipes, chaffing
cream or baby powder
- Laundry detergent (Small travel
packs, ideal for camp)
- Required medications in original
packaging – Prescription ONLY

OPTIONAL EXTRA ITEMS

- Lightweight cot
- Camp chair
- Camera
- Smart phone
- Sunglasses
- Personal first aid kit
(always a good idea)
- Scruba/laundry wash sack
- Dry sack
- Solar charger
- USB rechargeable battery pack
(27000 mAh max / 100 Wh max)
- Assorted cables and plugs
- Badges to trade
- Notebook and pen (for all the
penpals you will make)
- Masks

TRAVELLING

ON YOUR DEPARTURE DAY

Make sure to monitor your flight on the airline's website and arrive at the airport at least 3 hours before the planned departure time. Remember that the time on your ticket is the time the plane departs the gate, not the time of boarding. Be there well in advance!

Proudly wear your contingent necker and red contingent t-shirt at all times while travelling.

Before departing for the airport make sure you have all your important documents and baggage with you. You're leaving for a while; it would be unfortunate to forget something!

When you arrive at the airport, if you see other people from the contingent, join them. The first step is to check in. Then it's time to say goodbye and go through security. Once you have successfully completed this step, proceed to the boarding gate indicated on the flight information screens.

While waiting for your flight, you can refill your water bottle, go to the bathroom and, if you wish, make some purchases, such as snacks, while remaining near your boarding gate. You should always be able to hear the announcements about your flight.

At any time, you can talk to the airline or airport staff if you have any questions. In the event that you miss your flight or your connection between flights, you must contact the contingent immediately. Contact information is included in your travel itinerary.

Remember, it is your responsibility to be at the airport on time for your first flight. If you miss it, the assistance the contingent will be able to provide you will be limited.

Enjoy your trip!

IN THE AIR

At any time during your flight, don't hesitate to ask questions or express your needs to the crew. They are there to help you. There will be a personal screen at your seat to watch movies during long flights. To make the most of it, make sure to bring headphones (the crew will also distribute some during the flight). Earplugs and a sleeping mask can also help you sleep better.

On international flights, full meals will be provided but not on domestic flights. There will also be snacks and refreshments. During flights, they will turn off the lights to simulate night. Take this opportunity to rest. On long flights, it is also recommended that you get up (walk, go to the bathroom) to avoid sitting for too long and experience discomfort.

THE ARRIVAL

Before you leave the plane, make sure you collect all your personal belongings and check the seat pocket to ensure you do not leave anything behind.

You will then have to go through customs to enter the country. Be sure to have your important documents ready. When going through customs, stay calm. You will be asked questions and you must answer them honestly, as Scouts know how to do. If you have a problem, ask an adult in the contingent.

Afterwards, join the other members of the contingent at the baggage carousel and pick up your bag. Head towards the exit where a member of the contingent will welcome you and show you the way. They will be wearing white uniforms and red neckers. You will then take the bus to the dormitory.

If you are an IST: Upon exiting the secure zone, locate a member of the contingent team who will be able to direct you to the next step or assist you if you need it. Your Jamboree experience starts now!

Finally, you've made it to Korea, and it's pre-camp time!

Throughout the pre-camp, follow the instructions from your patrol leader or other members of the contingent team.

Never be alone! Your patrol leader must always know where you are. You will receive a card with emergency contact and addresses. Always carry it with you.

Having fun means respecting the rules, the people around you and the culture of the country. Be proud to represent Canada and Canadian Scouting by being kind, on time and smiling.

The Return

At the end of the Jamboree, you will be taken to the airport to catch your flight home. You will have to follow the same steps as when you arrived in order to board your flight, clear customs, get to your domestic flight if necessary and return home.

If you have chosen to extend your stay in Korea, this is when you can begin your extension.

If you have any questions, do not hesitate to speak to your patrol leader, a member of the contingent team, or the airport or airline staff.

PREPARING YOURSELF & YOUR UNIT

PERSONAL & UNIT PREPARATIONS

This section of the handbook outlines the preparations that you and other members of your Jamboree Unit may wish to undertake to make your Unit the most successful Jamboree Unit ever (of course, every Unit believes they're the best – you just need to make it happen!)

CAMPING SKILLS

Your Unit must have camping skills in advance of the Jamboree. Your Unit must:

- Be able to satisfactorily erect their tent.
- Arrange their personal belongings etc. within the tent in an organised way, keeping everything clean and tidy.
- Have respect for other campers' privacy and ensure quietness at the appropriate times.
- Understand the importance of camp layout – including the positioning of dining and cooking areas, safety relative to sleeping tents and inclusion of social space.
- Be aware of the equipment that will be supplied to the Contingent on arrival at the site

AT THE JAMBOREE

Each Individual group member should:

- Be a participating member of the Unit must be an "Active" member of Scouts Canada or Les Scouts du Canada.
- Understand the importance of having patience, tolerance and respect towards all participants including those in your Unit
- Ensure that uniforms are always available and in a presentable condition
- Follow agreed group rules.

HYGIENE

- Understand that it is important to wash hands after visiting the toilets.
- Understand the importance of personal hygiene when so many people live so close together.
- Understand that to maintain hygiene standards; it is important to wash hands before commencing meal preparations.
- Understand the importance of not leaving food uncovered before, during and after the preparation and serving of meals.
- Wherever possible, keep food off the ground.

HEALTH AND SAFETY

- Be able to undertake basic first aid including treatment of cuts, stings, dry and wet burns.
- It is desirable for each Participant and Leader to possess their own basic first aid kit.
- Be aware of the problems associated with early mornings, long days and a lack of sleep.
- Understand the importance of physical fitness before and during the Jamboree
- Give consideration to risk assessment and working safely within a confined space

PREPARING YOURSELF & YOUR UNIT

3 BENEFITS OF INTERNATIONAL FRIENDSHIP

Having friends from different parts of the world can change your life. Here's how.

Friendship is one of the most meaningful human connections we know. We often find friends among neighbors, classmates, colleagues, or people we meet in activities, like Scouting or sports teams.

But... have you ever met a friend from another country?

You might be surprised how international connections and friendships can help you in your personal development and fulfillment. You'll come to appreciate commonalities and differences, expand your perspectives, develop new skills, and maybe even enjoy unique travel experiences!

LET'S DISCOVER THREE BENEFITS OF HAVING INTERNATIONAL FRIENDS:

1. Gain a global vision

Growing your friend circle beyond borders is an adventure that will broaden your perspective on the world - including the place you're from!

Meeting people from different countries means meeting different cultures, traditions, habits, foods, languages, values, ideas, and more. What is "common" or "normal" for you might be completely different for friends in another place.

It will help you appreciate different points of view and learn that there are many "right" ways of doing things. You may find yourself naturally applying principles of dialogue and peace-building. It's a win-win: your friend's realities will open your perspective and vice versa.

2. Improve communication skills

It's often said that smiles are a universal language. Language differences might seem like an obstacle at first, but finding ways to understand each other is actually part of the fun! It's an opportunity to learn to say "hola!" ('hello' in Spanish) in different languages and to help someone else learn your language. Meanwhile, you'll develop valuable communication and interpersonal skills, like patience, kindness, body language, and active listening.

Whether you speak English, français, español, português, Bahasa, or any of the 7100+ languages in the world - we are all united by some common traits. This is especially true for Scouts, united on the surface by our shared emblem, scarf and uniform, and deeper down in values from the Scout Promise and Law.

3. Feel at home around the world

With your newfound perspective and awesome communication skills, one day you might even have the opportunity to visit friends in far places, or to host a friend in your hometown! Wouldn't that be fun?

Once you've formed a friendship and learned so much about your international friends, visiting their homeland may quickly feel like a second home to you. You'll find that sharing experiences in your home countries will make your bond stronger.

These are just three of the many benefits you can enjoy when you expand your friendships beyond borders. You'll find fun and satisfaction knowing you can meet people around the world who you can relate to, bond with, and learn from.

PREPARING YOURSELF & YOUR UNIT

MAKING NEW FRIENDS

During every Scout event, you can always expect to make new friends! Jamborees are HUGE camps and there are infinite ways to meet people. Here are some ways you can be proactive in meeting other Scouts:

1. Make arrangements to invite another patrol or unit to join yours for dinner
2. Join sub-camp activities to meet your neighbours
3. Bring badges, neckers or other memorabilia to swap with Scouts from other places
4. Start conversations by sharing your hobby with others - whether you're knitting something amazing or strumming a ukelele, hobbies can help connect us
5. Keep it simple and say hello to new people or groups while walking around the camp

TIPS FOR CREATING MEMORIES

You are going to meet many friends & make many memories during the World Scout Jamboree! Here are a few ways you can help make memories last:

Have new friends sign a scarf, book, blanket or other item you can keep forever.

Take great photos! Don't forget to ask people before taking their picture and posting it.

Keep a journal - this is a classic way to help burn memories into our brains so we can cherish them always!

Made a great new friend? Exchange contact information so you can stay in touch.

Most importantly, BE PRESENT. You can't make memories from behind a screen, so be sure to put your phone down and enjoy being with others, enjoying special moments in the great outdoors, on this trip of a lifetime!

LOOKING OUT FOR EACH OTHER

We'll be united in adventure at the World Scout Jamboree! Let's embrace the spirit of Scouting by looking out for one another, lending a helping hand, and creating lifelong memories together. Let us know about the acts of kindness you encounter while at the Jamboree so we can share the best of Scouts.

ANTI-BULLYING AND HARASSMENT

If you witness or experience bullying or harassment at the World Scout Jamboree, please speak up and reach out to a trusted adult! Let's create a safe space for everyone by offering support and standing up for our fellow Scouts. Remember, teamwork makes the dream work!

EXPECT THE UNEXPECTED

Wondering what to expect at the World Scout Jamboree? Truly, you should expect the unexpected! At such a large event, you just never know exactly how things will go, what pop-up activities you'll run into, or who you'll meet.

Be prepared to say yes to new experiences and adventures!

2023 새만금 「제25회 세계스카우트잼버리」야영장 조감도

The 25th World Scout Jamboree Site (Saemangeum, Korea 2023)

THE JAMBOREE!

OBJECTIVES

The 25th World Scout Jamboree program consists of the 4S+ACT elements—each designed to support social, physical, intellectual, emotional, mental, and personality development in Scouts in attendance.

- Self-improvement
- Capacity reinforcement as an upright citizen
- Acceptance of diversity and profound connection with other Scouts
- Commitment to world peace and ecological enhancement

CURRICULUM

Throughout the Jamboree, a broad array of individual and team activities, which contain involvement-based rewards, will inspire participants to ignite fulfillment. Not only that, we will also deliver the opportunity for career awareness and exploration under the theme 'Draw your Dream.'

Use Papago app to translate Korean into English or French

ACTIVITIES

We will keep them engaged in 2 to 3 activities a day out of more than 200. We will also have contingency planning for bad weather.

Shape the future by teenagers from around the globe.

Draw your Dream 4S+ACT program

THE JAMBOREE

THE HUB

Jamboree, Dream in Advance rêvez d'avance

#02-1 Introduction to the Hub Présentation du Hub 허브 소개

#01 Jamboree campsite configuration

Introducing the Hub, Sub Camps, and Staff Hub that make up Jamboree Campsite. The Hubs are named after the ancient countries in Korean history, while the Sub Camps are named after past World Jamboree locations.

#02-2 Introduction to the Hub

Hub is a higher-level concept that supports and manages Sub camps, and consists of 4 to 5 Sub-camps per Hub, with approximately 8,000 to 10,000 people belonging to each.

Hub Convenience Facilities

- Each Hub provides convenience facilities to support comfortable Jamboree life for participants belonging to that Hub.

Facility	Guidance	Operating Hour
Hub Clinic	Medical facility for the treatment of minor injuries = Transfer to Jamboree Hospital if medical attention is needed depending on the condition	07:00~22:00
Hub Prayer Room	Providing Muslim prayer facilities = Indicate westward direction inside the prayer room	Open 24 hours a day
Hub ATM	Providing ATM Service = Withdrawal Currency: KRW	Open 24 hours a day
Hub Convenience store	Providing convenience store services in Korea	08:00~22:00

#02-1 Introduction to the Hub

Hub is a higher-level concept that supports and manages Sub camps, and consists of 4 to 5 Sub-camps per Hub, with approximately 8,000 to 10,000 people belonging to each.

Roles of the Hub Headquarters (HQ)

- Jamboree site guidance and safety management.
- Organizing meetings between Sub camp and Hub managers.
- Communicating the results of Sub camp meetings to the hub and sub-camp headquarters, sharing announcements.
- Jamboree complaints and discussing the operation of Hub facilities.
- Managing the convenience facilities.

Roles of Hub Operating IST

- Working for 3 days and resting for 1 day during the Jamboree period, with IST work schedule adjusted by the Hub itself.
- The Hub operating IST receives a tent in pairs after reporting for duty and stays at the designated Hub campsite.
 - Exceptionally, IST members stay at their respective national campsites when using the Goguryeo Staff Hub campsite.
- The Hub operating IST are assigned to the program, communication, and facility management teams within the Hub headquarters for their work.

THE JAMBOREE

THE SUB CAMP

Jamboree, Dream in Advance rêvez d'avance

#03-2 INTRODUCTION TO SUB CAMPS PRÉSENTATION DES SOUS-CAMPS 서브캠프 소개

#03 1 INTRODUCTION TO SUB CAMPS

There are a total of 18 Sub Camps in the Hub, and each Sub Camp accommodates 2,000 people. In order to ensure a smooth and comfortable stay for participants from check-in to check-out, each Sub Camp is equipped with various facilities and programmes.

THE ROLE OF THE SUB CAMP HEADQUARTERS

- Conducting participant check-in procedures and providing guidance at the Sub Camp
- Handing over supplies (Supplies for individuals and units)
- Guiding participants to their camping sites
- Providing information on unit and Jamboree life
- Running meetings for unit leaders
- Operating the Sub Camp's own programmes
- Managing facilities within the Sub Camp
- Handling various complaints and requests

THE ROLE OF THE SUB CAMP OPERATIONS STAFF

- Working for 3 days and resting for 1 day during the Jamboree in principle, with the working hours adjusted by the Sub Camp itself.
- Upon reporting for check-in, receiving tents in pairs and set them up at the designated Sub Camp accommodation area.
- Being assigned to the programme team, management team, and operations team within the Sub Camp Headquarters to perform their duties.

#01 Jamboree campsite configuration

Introducing the Hub, Sub Camps, and Staff Hub that make up Jamboree Campsite. The Hubs are named after the ancient countries in Korean history, while the Sub Camps are named after past World Jamboree locations.

#03 1 INTRODUCTION TO SUB CAMPS

SUB CAMP FACILITIES

- Each Sub Camp provides its own facilities to support the comfortable Jamboree life of participants belonging to that Sub Camp.

10 Mobile Toilet | 1 Squat Toilet (with water hose) | 1 Accessible Toilet | 3 Mobile Shower room | 9 Portable Shower room | 4 Water supply stand | 1 Recycling center

Facilities	Information	Operating Hours
Food Supply Center	A place to pick up pre-ordered meal boxes *Unit meal boxes are available for pick-up at 5:00 am (for breakfast and lunch), and 5:00 pm (for dinner)	Twice a day, from 05:00~, 17:00~
Battery Charging Station	- A place that operates a mobile power bank charging station. - Each session is limited to 1 hour of charging. - After 22:00, participants will be instructed to retrieve their power banks from the charging station the following day from 7:00. *Participants must bring their own charging cables.	07:00~12:00 13:00~17:00 18:00~22:00
Lost and Found Office	- A place that keeps lost items found in Sub Camps and nearby programme sectors. - It creates lost and found records only for jewelry and high-value items.	09:00~18:00
Campfire Zone	A place for watching stage performances and communications	19:00~21:00
Program Zone	A place that provides its own Sub Camp programmes, including traditional games and a trade zone.	
Playground	A place for physical activities, offering new sports such as futsal, volleyball, and flying disc.	

JAMBOREE PROGRAMME

SCOUTING FOR LIFE

Combining Scouting values and educational ideas concerning global citizenship and sustainability, the Scouting for Life sector will empower young people to foster leadership and life skills and turn them into accountable citizens capable of tackling the world's challenges.

SMART & SCIENTIFIC

Via the official app, participants will get actively involved in science, technology, engineering, arts, and mathematics, utilizing the Scout method. While taking a tour of the future—robots and virtual reality, they will be able to share the Jamboree program and emerging technologies with their families and friends as well as other Scouts.

SAFE & SECURED

The Safe & Secured sector intends to help boys and girls take a proactive approach to emergency response associated with natural disasters and infectious diseases and practice safety drills—developed by the Korea Scout Association.

SUSTAINABILITY

In association with regional, domestic, and foreign partners, the Sustainability sector is dedicated to teaching teen participants to advocate for sustainable development practices for their local and global communities. In Better World Tent and Global Development Village, they will commune with nature, forge a culture of peace and discussion, and leverage diversity and inclusion.

ACT: ADVENTURE, CULTURE, TRADITION

Not only will teenagers participating in the ACT sector interact with nature in the nearest mountain, river, and sea, but they will also discover Korean culture through K-pop, Bibimbap, Hangeul, and much more.

EXHIBITIONS & HANDS-ON ACTIVITIES

Better World Tent

Better World Tent will be operated in collaboration with the WOSM/WSB Team, the Organizing Committee, and the Jamboree Planning Team. Including a multitude of exhibits, hands-on activities, lectures, and workshops, Better World Tent—name and concept are subject to change accordingly with the latest global conditions and post-pandemic transformation—is expected to serve as a place where Scout Spirit can come to life and where you can deepen your understanding of Scouting and Jamboree culture.

- Period / August 2-5, 7-11, 2023; closed on Sunday, August 6 (Culture Day)
- Hours of operation / 9:00-16:00
- Location / Global Youth Leader Center at Jamboree Delta

Recommended activities and new concepts may be further proposed by the WOSM/WSB Team.

- Messengers of Peace
- World Scout Environment Programme
- Outstanding Scout Award
- We Are the Earth Tribe
- Dialogue for Peace

JAMBOREE PROGRAMME

SUSTAINABLE DEVELOPMENT GOALS

Ban Ki Moon (BKM) Village

Global Goals 2023 - (Global Village Development Zone) is about to be redesigned with more focus on the 17 Sustainable Development Goals of the United Nations. Like before, the WOSM Team will take responsibility for supervision and monitoring, the Organizing Committee, for facilitation, and the Jamboree Planning Team, for support. We plan to regroup the 17 goals as follows.

- Food - Zero hunger (2), Clean water (6) Health - Good health and well-being (3), Sanitation (6) Economy - No poverty (1), Responsible consumption and production (12), Industry, innovation, and infrastructure (9), Affordable and clean energy (7), Decent work and economic growth (8) Growth - Quality education (4), Gender equality (5), Sustainable cities and communities (11), Reduced inequalities (10), Peace, justice, and strong institutions (16), Partnerships for the goals (17) Climate - Climate action (13), Affordable and clean energy (7), Life below water (14), Life on land (15)

The main project for the Sustainable Development Goals will be demonstrated at the Jamboree site, but some of the hands-on programs may be offered outside of the campsite.

- Display and Experience Center - A booth will be installed for each goal—which is called 'Education Center'—to assist in understanding sustainable development. Smart actions or display screens may be included.

- Interactive Stand - Interactive Stand will be installed for each goal. Scouts will be able to speak about sustainable development with experienced assistants and consolidate their knowledge.
- Experiential Zone inside and outside the campsite - One or two hands-on activities will be provided for each of the Sustainable Development Goals to make learning fun, engaging, and effective.

We will convene virtual meetings with ministries, UN-specialized agencies, and nongovernmental organizations to ask not only for support for Display and Experience Centers and Interactive Stands but also for networking. We will inform them of the significance and impact of the Jamboree. NSOs can also join the initiatives for the Sustainable Development Goals by contacting us or through the World Scout Board (Bureau).

CONTINGENT HEADQUARTERS

The Organizing Committee will allocate a headquarters and tent to participating NSO contingents, and the Jamboree Planning Team will manage them. These spaces shall be utilized to show each contingent's Scouting activities and culture to other Scouts and daily visitors as well as hold a meeting with the Head of Contingent or other groups.

JAMBOREE PROGRAMME

JAMBOREE INTERRELIGIOUS FAITHS & BELIEFS CENTER

During the 25th World Scout Jamboree, the Jamboree Interreligious Faiths & Beliefs Center will play a crucial role in nurturing the recognition and respect of world religions and grasping the meaning of faith in everyday life. Beliefs instill self-esteem in teenagers. Young Scouts will have the opportunity to continue religious practices with people of the same background.

The Steering Committee will take on spatial arrangement for the Jamboree Interreligious Faiths & Beliefs Center and compose a support group by religion acknowledged by the World Scout Committee—Protestantism (CPGS), Orthodox Church (DESMOS), Catholic Church (ICCS), Judaism (IFJS), Muslim (IUMS), Buddhism (WBSB), Won Buddhism, Church of Jesus Christ of Latter-day Saints, Bahaim, Hinduism, Sikhism, and so on.

In close cooperation with the World Scout Board of the World Organization of the Scout Movement, the Organizing Committee will administer it.

For direct monitoring, the Jamboree Planning Team will organize the Jamboree Religious Facilitation Committee, comprised of the President, the Clerk, and a representative from each religion.

PROGRAMME OPERATION

- There's a bus pick-up service at two bus terminals assigned and buses will leave for the off-site programmes after getting a headcount.
- ISTs get on each bus and manage the scout members along with the unit leader. (Buses leave on time to make a smooth progress.)

Classification	On-site Programme	Off-site Programme
Date	August 2~5, August 7~10(a total of 8 days)	
Time	09:00~12:00, 14:00~17:00 ※ Hot-air balloon programme 07:00~10:00, 15:00~18:00	08:30~18:00
QR check	Attendance check is available when more than 50% of the programme is progressed.	Attendance check is available when getting on the bus.

JAMBOREE PROGRAMME

#06 1 INTRODUCTIONS TO JAMBOREE PROGRAMME

The 25th World Scout Jamboree program consists of the **4S+ACT elements** each designed to support social, physical, intellectual, emotional, mental, and personality development in Scouts in attendance.

PROGRAMME OPERATION

- Participation in On and Off-site Programmes should be taken per unit. An area is assigned for a day and the participants can take part freely in the designated area.
- Participation will be examined by issuing QR code and it is linked with the award system.
- All programmes are changeable according to the weather, transportation situations and operating environments.

#06 1 INTRODUCTIONS TO JAMBOREE PROGRAMME

PROGRAMME AWARDS

Jibbitz
Jibbitz is awarded to commemorate the attendance of a programme when the attendance goal is satisfied.

Patch
It is offered when you participate in a programme which takes a long time or has a difficult procedure.

Dream Merit Badge
It is offered to the participants who satisfy the standards in each 4S+ACT (Adventure / Culture & Tradition) theme. Special patch commemorating the 25th World Scout Jamboree is completed when gathering all the four theme patches.

CAMP LIFE

RULES

As Scouts, you keep the Scout Oath and Law in mind. You will also need to abide by the rules and regulations set out for the Jamboree.

BASICS

- Observe the Jamboree rules to make you and other people have a safe and joyful time.
- Remember how lucky you are to be here now.
- Conform to the Scout Law and instructions from leaders and operating personnel.
- Wear your Scout uniform during the opening and closing ceremonies.
- Don't forget to comply with the laws of the Republic of Korea.

RESPECT AND CARE

- As individuals from different nations gather here together, strive to accept and honor another culture.
- Avoid inappropriate language and behavior, such as profanity, that might cause conflict.
- When you engage in off-site programs or pre- and post-programs, be polite to local residents. Be sure that you represent your homeland.
- Do not touch someone else's stuff and money.
If you find lost objects, leave them at Subcamp Storage near you.
- Be considerate of others when you use the shower and toilet.
- Keep quiet hours from 22:00 till 06:00.
- Patches can be swapped but should not be traded.
*Patch exchange between adult and youth participants is not allowed.

SAFETY

- Always wear your neckerchief and ID badge unless requested to remove them for safety reasons.
- Gambling and the possession, use, distribution, and purchase of tobacco, alcohol, and drugs are strictly prohibited.
- Wash your hands thoroughly—after using the restroom and before cooking and eating.
- Dress for the weather and according to circumstances.
- Obey all signs and directions. For your own sake, do not enter restricted areas. You can come in private tents and encampments when you are invited.
- Do not visit Staff Hub, for adults only, without permission.
- Handle your knife carefully and store it safely in a bag—no knife with a blade longer than 7.6 centimeters.
- It is forbidden to use personal drones and fireworks.
- Be cautious not to break personal equipment and camping facilities.

ENVIRONMENT

- Keep communal and private spaces clean.
- Reduce garbage and follow the recycling and sorting process.
- Never ruin nature.

CAMP LIFE

EVENTS

CULTURAL EXCHANGE DAY

On Sunday, August 6th, the lively exchange of World Scout youth begins in earnest. As a time to directly experience diversity and inclusiveness, which are the basic requirements of global citizens, space, time, and stage are created for participants to freely enjoy.

Subcamp food and cultural exchange

At each subcamp, units are encouraged to share culture within the campground, including music, dance, costumes, games, and food. One of the ways culture can be shared at the Jamboree is by sharing food, especially the cuisine of one's home country.

We encourage you to wear colorful national costumes, share stories, songs and art in your home, or display cultural or historical items that tell the story of your place of origin.

Based on the cultural exchange activities within this subcamp, various events have been prepared to help promote effective exchange activities.

Scout's Own

In the morning, the Scout's Own event gathers at the Grand Assembly Hall to reflect on the meaning of the Scout movement. Given that separate religious services are held during the morning hours, Scout's Own event will be held in the early morning between 8:30 and 9:30 am.

CAMP LIFE

This program begins with a message from Sir Baden Powell, the founder of the Scout Movement.

“I think Scouting should be open to all religious groups for unit work or camp work in the area and should be conducted in a way that no one is offended. It must not have any special form, it must be enriched in the right spirit, and it must be done from the standpoint of the Great, and not from any religious point of view. Anything that could create an artificial atmosphere should be avoided. We want the boys to be spontaneously uplifted in appreciation for the joy of life, not a forced religious parade, and a desire to find inspiration and strength to do greater love and service to others.”

– Baden Powell Magazine Scouter, November 1928

Jamboree Air Show

From 1:30 to 2:00 PM, a very special performance will be held literally above the Jamboree site. Black Eagles, a special flight team of the Republic of Korea Air Force, is a special flight team of the Republic of Korea that boasts the air force's organized teamwork and high-level flight skills through various special flights. Fighters of the Republic of Korea Air Force Black Eagles aerobatic team perform mid-air acrobatics.

SAEMANGEUM GOT TALENT

After lunch, we will look at the talents of the Jamboree participants. What kind of talent you have is called Saemangeum Got Talent! Starting at 2:00 PM, members of each unit can perform for 5 minutes in the main arena for 5 minutes. Teams wishing to perform are limited to 20 teams, but up to 30 teams can apply on a first-come, first-served basis. Each Member State can only apply for one performance.

K-POP CONCERT

Then, from 8 p.m., a K-POP concert featuring domestic and foreign idols representing Hallyu will be held. Through the K-POP concert, which will be presented in front of 50,000 youth scouts around the world, you will experience the essence of K-POP, which has established itself as an irreplaceable global cultural content. For safe viewing, please actively cooperate with the guidance of the safety staff. The final cast will be announced in July.

As such, meaningful and exciting events are prepared for the 'August 6th Cultural Exchange Day'. Competitors will move to the main assembly area with the rider in the lead according to the movement plan of the sub camp. It is recommended to move by unit group, not by individual activity, and chairs, flag poles, etc. are not allowed for safety and venue etiquette. And you can bring a seat pad and water bottle for extended sitting.

CAMP LIFE

ADVICE

Our friend Mark Beese from the UK has some fabulous advice for our Unit and Patrol Leaders! But also worth a read as a participant!

Eight things I know now that I wish I knew as a first time unit leader at a World Scout Jamboree

In about a month, Scouts and their leaders from more than 150 countries will converge on a 8.8 square km field on the coast of South Korea for the 25th World Scout Jamboree. My first World Jamboree was eight years ago in Kirara-hama, Japan. Here are eight things I know now that I wish I knew then.

1. THE MAGIC OF JAMBOREE IS MAKING FRIENDS WITH PEOPLE FROM OTHER COUNTRIES.

The best time for socialization is after dinner, when there are no formal programs being held. Planning elaborate meals that require extensive clean-up gets eats into the precious time for Scouts to wander around the sub-camp and meet people. This is their magic time. Setting a time for "lights out" helps Scouts get well needed sleep, but don't make it too early, as the time between 18:00 and 23:00 is prime social time.

2. IT'S A THING TO INVITE OTHER UNITS OVER FOR DINNER, DESERT, OR A PARTY. START EARLY.

We figured this out too late, and only were able to schedule a few dinners at the later part of the Jamboree. As a leader, get to know the unit leaders around your campsite, and invite them over for dinner. They can bring their food. Patrols can cook together, or the two (or more) units can cook as one. Plan icebreakers so Scouts can get to know each other. Perhaps plan a campfire (with out the fire) to share songs or skits. Be bold in your invites -

don't just ask units that speak the same language or share the same region. Units who understand this system start filling up their "dinner diary" early in the week.

3. BRING GIFTS. LOTS OF THEM.

We actually planned for this, but we ran out of gifts. Neckerchiefs from your home unit or region are great gifts. Patches and small gifts from your home country, region, or town are great too. Some countries make deserts from their home country (yum). You might be visited by special guests from the host country or other "VIPs". Be prepared to give them gifts too. Korea is a gift-giving country, so be prepared to reciprocate.

4. BE PREPARED FOR CHAOS. IT'S THE JAMBOREE

At my first Jamboree, I packed my western-style set of expectations about schedules, organization, communication, and structure along with me. I should have left those expectations at home. I would have been a lot happier. As of today, there are about 30 tents standing on the Jamboree site. This city of 45,000 people will be built, stocked, and outfitted over the next few weeks. It will be run almost entirely by volunteers - many of whom have never done their particular job.

We've been planning for eight years, but there will be operational bumps in the road. Lots of bumps. So, practice patience. Work on active listening. Communicate clearly. Be creative. Try being part of the solution, not the problem. Read this point every day you are at the Jamboree.

CAMP LIFE

5. YOUR NUMBER ONE JOB IS HEALTH AND SAFETY OF YOUR SCOUTS. THIS INCLUDES MENTAL HEALTH.

It will be hot and humid at the Jamboree. Leaders need to be on watch to make sure Scouts are well hydrated, wearing hats, sunglasses, using sun screen, and are getting enough rest. Know symptoms of heat related illnesses and act quickly. Bring extra water to events to share with Scouts if needed. Keep an eye on how Scouts play to assure a safe environment. Check in with Scouts and leaders about their mental health. Understand the protocol for reporting injuries and getting help quickly. Have a plan in your unit leadership for who stays at camp, and who goes to a program, if units are split up. Develop a way to communicate with parents back home in the occasion of an emergency (phone tree, WhatsApp group, etc..). We had one Scout break his neck (ouch), requiring an extensive stay in hospital. Work with your Contingent Management Team to be prepared.

6. SOME SCOUTS NEED A NUDGE

The Jamboree is a transformative experience. The program will be fun. The Ban-Ki Moon Global Development Village will be amazing. The shows will rock. But what Scouts will remember are the relationships they build with people from around the world. After the Jamboree, they will feel a connection and have concern for the global community like they never imagined before. Unit leaders may need to nudge a few participants out of the campsite to find the magic. If you have a few reluctant Scouts, pair them up with one or two others to roam the Subcamp and see who they could meet. Exchanging patches or badges is a great start.

Some units will host guests for experiences like tea in the UK camp, or a cèilidh with the Irish Scouts, or a dip in the inflatable pool with the Aussies. What can your unit do to be the "cool place to hang out"?

7. CULTURE DAY IS THE HIGHLIGHT OF THE JAMBOREE. CREATE A MEMORABLE EXPERIENCE

On the middle Sunday, each unit puts on a demonstration illustrating the culture of their country, region, or locality. The camp is closed to visitors. This is your opportunity to cook, sing, dance, or offer an experience from your country that will make a memory for your guests. I remember watching Scouts getting henna tattoos at the India camp, eating amazing kimchi with the Koreans, sampling hákari with Icelanders (advice - don't), and vegemite with the Australians. Have your unit throw a party that your guests will remember. Take turns staffing your unit party with wandering around the sub camp.

8. HAVE FUN. MAKE FRIENDS.

Get out of your campsite. Have coffee with a unit leader from another country. Have real conversations. While being respectful, ask impactful questions. Be reflective - what can you take back to your unit or National Scout Organization (NSO)? In my NSO, many of our changes and improvements can be traced to our experiences at World Scout events. Jamborees are transformative for leaders, and organizations, too.

HEALTH AND SAFETY

DOCTORS WITH THE CONTINGENT.

Dr Heather Waterman and Dr Doug Donald will be traveling with our contingent. They will be available to assist with any medical situations that may arise. during both pre-camp and the Jamboree.

Dr Waterman has been practicing emergency medicine in Barrie, Ontario since 2003. She is a scouter with 1st Orillia Troop. This will be her first World Jamboree.

Dr Doug has been practicing as a country family doctor for over 40 years in Midland, Ontario. He has been a Scouter, and more recently Group Commissioner, with 1st Penetanguishene Group for most of that time. This is his 10th World Jamboree. Some Scouters will recognize him from his previous involvement with the Medical Services at 8 Canadian Jamborees (" MUSH") and Haliburton Scout Reserve since 1979. Avid Badger!

During the Jamboree, we have a team of five Scouters with different medical backgrounds that will be available to help throughout the event.

MEDICAL SERVICES ON THE JAMBOREE SITE

During the event, 4 types of facilities will be available:

- Clinics, for simple medical procedures and general assessment
- Hospital, with several specialized departments
- First aid centers, for emergency first response in busy areas
- And Listening Ear, for private counseling

We invite you to read more about each of them on the Jamboree official website:

https://www.2023wsjkorea.org/eng/index.jamboree?menuCd=DOM_000000403003000000&fbclid=IwAR3Zi2F91nZpkgCZBUcWWp4ugCpUSHU2WrJFPGFFv8Y9t-Cnlv0CIR1fBD8

HYDRATION

Hydration is a serious issue at the Jamboree that all participants will need to pay attention to. We will be at the Jamboree when daytime temperatures will be quite warm (40 degrees C) and everyone will be quite active. Dehydration can be a serious and urgent medical concern. All participants must bring water bottles with them to the Jamboree and need to be drinking plenty of water on a regular basis. There will be many water stations throughout the Jamboree site to refill your bottles and adults will be regularly reminding everyone to make sure they are drinking enough water.

Fortunately, situations like this are easy to prevent with caution. Everyone must look out for each other to make sure that they are drinking enough water. Water refill stations and electrolyte powders (like gatorade) will be widely available.

HEALTH AND SAFETY

MEDICATIONS

The following guidelines are being provided to National Scout Organizations in connection with the usage of medications during the 25th World Scout Jamboree.

Each person should bring his or her own medications for any pre-existing medical conditions and enough of their prescribed medications to last the entire length of time away from home. All medications, both prescription and over-the-counter, must be in their original containers or original packaging. Participants should also include an extra five days of their medications in case their travel is delayed.

In general, you should have with you a valid prescription or doctor's note—written in English—to bring medication. The medication should be in its original container with the doctor's instructions printed on the bottle. Bring a copy of your prescription or a letter from your doctor explaining your condition and why this medication is needed.

BASECAMP MEDICAL FACILITIES WILL PROVIDE STORAGE FOR:

- Any medications requiring the assistance of medical personnel for administration,
- Medications requiring refrigeration,
- Controlled Medications.

These medications should be brought to the appropriate Base Camp Medical Facility where they will be verified upon arrival, logged-in, and stored.

Arrangements will be made at that time for administration of these medications. Remember to come to the medical facility at the end of the Jamboree to retrieve any medications that may be stored there. After the Jamboree, it will be impossible to return medications that are left.

SUN PROTECTION

Remember that you will be exposed to the sun for up to 10 or more hours each day. It is very important to put on a waterproof sports-type sunscreen rated at least SPF 30. Be sure to cover sensitive areas such as the nose, lips, face, ears, neck, backs of knees, arms, and any other areas not protected by your clothing.

Even though some people have a good tan, their skin will still burn with long daily exposures. Fair skin burns more quickly. Participants can expect adults to take an aggressive position to prevent this common problem and help all participants enjoy the jamboree without sunburn!

For sun protection, remember:

1. Sunscreen SPF 15 or greater
(SPF 30 for fair or sensitive skin)
2. Wide-brimmed hat (like the Tilley in your kit!)
3. Lip balm containing sunscreen
4. Sunglasses

HEALTH AND SAFETY

PERSONAL FIRST AID KIT AND 10 SAFETY ESSENTIALS

The Jamboree is recommending that all participants carry the following items with them at all times. This is a basic minimum list of recommended items. The list should be increased if you have specific needs for allergies, asthma, or other medical conditions.

PERSONAL FIRST AID KIT

1. Moleskin or blister pads
2. A small tube of triple antibiotic ointment
3. Tweezers
4. Scissors
5. Adhesive bandages
6. Two or three gauze pads
7. Tape
8. Aloe vera lotion
9. Sunscreen
10. Hand sanitizer
11. Acetaminophen or ibuprofen pain reliever

10 SAFETY ESSENTIALS

1. Water Bottle
2. Sunscreen
3. Hat
4. Hand Sanitizer
5. Lip Balm with Sunscreen
6. Rain Gear
7. Personal First Aid Kit
8. Flashlight
9. Jamboree Site Map
10. Jamboree ID

FOOT CARE

Foot injuries can turn a Scouting adventure into a painful memory. If your feet are comfortable, chances are that you will have a great time.

Most participants arrive in good physical condition, but very few are conditioned to begin walking miles each day. Often the result is sore feet and blisters. However, these maladies are largely preventable by taking good care of your feet.

Here are some of the best ways to do that. Wear comfortable walking shoes. The footwear you choose must fit well. Your heels should not slip much when you walk, and your toes should have a little wiggle room.

*Don't bring new shoes or boots to the jamboree; break them in first until they adjust to the shape of your feet. Hiking boots are generally not as good due to the high heat and humidity at the jamboree.

*Take comfortable, well-fitted, broken-in athletic shoes or walking shoes. Many campers carry a pair of lightweight shoes so they can change out of their walking shoes at the end of the day. Closed-toe shoes help protect your feet from injury. Sandals and other open-toe shoes are only allowed in the shower areas.

*Wear synthetic sock liners. Buy four to six pairs of athletic polypropylene socks to wear under your regular socks each day. The liners will wick moisture away from the skin and limit the friction caused when your feet perspire.

*Wear a padded wool, wool blend, or synthetic outer sock. Cotton socks cannot wick away moisture, and will cause blisters.

HEALTH AND SAFETY

FOOT CARE (CONT'D)

*Trim your toenails at least one week prior to leaving for the jamboree.

*Keep 'em dry, keep 'em clean. Water and sweat can soften the skin until it tears away or blisters. Put on clean, dry socks each day and wash your socks frequently. Wash your feet regularly, too; dry them before putting on socks and shoes. At night, remove your socks and let your feet air-dry.

*If you have an athlete's foot infection, be sure to bring a small bottle or tube of antifungal powder or ointment such as Micatin, Lotrimin, or Tinactin.

*Red-hot spots and blisters—Pay attention to how your feet feel. A hot spot is an area of skin that becomes tender and red as a blister starts to form. It is a signal to stop and treat the hot spot immediately before it becomes a blister. Cover the area with a piece of moleskin larger than the hot spot. Until a blister breaks, it is safe from infection. Apply moleskin around the blister to prevent further injury. If the skin tears, carefully disinfect and bandage the area.

MASKS

We require that every participant brings one box of masks with them. Type to be determined in the upcoming months.

It is difficult to predict what the masking requirements will be in South Korea during the time of our adventure. Masks are not formally mandated at this time, but it is important that we are prepared in case circumstances

change. In South Korea it is expected that people with any illness symptoms wear a mask in public.

We know that we will be exposed to large crowds and small spaces during travel, pre-camp, and the jamboree. This means that there will be times where it is best practice for us to protect ourselves with masks to prevent anything that might impact our ability to have a great time!

COVID

At this time, we do not expect COVID to have a negative impact on our jamboree experience. South Korea's current requirements are very similar to Canada's, and it is not expected that the situation will change.

Our contingent requires that all participants submit their proof of physical and mental fitness to safely enjoy the jamboree and follow their doctors' recommendations for vaccinations and other preparations to ensure a successful jamboree experience.

FOOD ALLERGIES

Cards will be available in three languages: Korean, English and French to make it easier to explain the allergies. This will only be provided to participants with allergies. If there are any health changes in the upcoming months, make sure to update your medical information. Should you develop an allergy, please update your medical information as soon as possible, so we can issue you the corresponding card.

HEALTH AND SAFETY

PERSONAL ITEMS

You are responsible for any personal items you decide to bring, including passport, currency, camera, and cellphones. Do not leave valuables unattended at any time during the trip, including the airports and the jamboree site.

- In case of a lost item, there will be a "Lost and found" outpost on site. We recommend you change your phone's lock screen to a picture of your Jamboree ID as soon as you have it. This will make it easier to identify in case it gets lost.
- For passports, we recommend you have a picture of it on your phone, as well as an uploaded copy to the medical platform. This way, if it gets lost or damaged, we can go to the embassy and issue a temporary one.
- If you wear prescription glasses or contact lenses, we also recommend you carry a picture of the prescription, as well as uploading a copy to the medical platform.

BACKPACKS

We will be carrying out travel bags by ourselves as soon as we land. This means, carrying it with us for any number of kilometers, from 1 to 5 km, on the flat but not fully paved terrain of the jamboree site.

We definitely recommend a backpack instead of a rolling suitcase as we are not sure the terrain on the jamboree site will be even enough to roll the suitcases easily.

Be mindful of the weight you can carry and try it out at home. Only one checked bag is permitted, but you can have a small carry-on bag (School bag size) and a personal item with you on the plane (see image below)

WHAT TO PACK IN YOUR CARRY-ON AND PERSONAL BAGS:

- Prescription medication with the prescription paper
- A set of clothes, in case the checked baggage get delayed
- Entertainment for the flight (books, music, etc)
- Dry snacks, no fruits or fresh produce
- An empty bottle for water. Full bottles will be trashed at the security checks but empty ones can be filled before the plane gate.

BATHROOMS AND HYGIENE

Showers will be available on each subcamp. We are still waiting for the final plans but, usually, there are open showers and closed showers. Be sure to wear flip flops or sandals when taking a shower, and keep in mind that it is a communal space. Leave it cleaner than how you found it. The bathrooms are separated by gender (male female) as well as by age (youth and IST).

The amount of water might be limited, so take short mindful showers and do not do your laundry while showering. There will be dedicated spaces for laundry.

Bring biodegradable soaps and shampoo and have it all in a plastic bag to make it easier to carry and clean if there are any spillages during the trip.

For laundry, we recommend having a laundry bag, or a dry bag that can be filled with water and shaken to help the cleaning process. Otherwise, the laundry is done by hand.

HEALTH AND SAFETY

BATHROOMS AND HYGIENE (CONT'D)

Hygiene: It will be very important to keep a good hygiene routine while on site. The heat and the humidity can cause skin infections if clothes are not dried or washed correctly. Please be mindful that you will be sharing tents with one participant and good hygiene (brushing teeth, showering, etc.) is very important when sharing spaces.

Note: For young participants who have not yet started their period, pack a few pads and tampons just in case. The health and safety team will be able to help you if it happens during the event.

SEXUAL ACTIVITY

The age of consent in South Korea is 21 years old. While in Korea, we will be required to abide by Korean laws. Please behave in the way that Canadians are most known for; polite, respectful and well mannered. In an event where we share with a hundred other countries, personal space and display of affection can be very different.

We also know that sometimes even the best plans sometimes go awry. Condoms and Plan B will be available on site. The Health and Safety team with the Contingent will always be available to help with any concerns

HOT TIPS FOR HEAT SAFETY

Be prepared for hot weather in Korea! We want you to have a BLAST at the World Scout Jamboree. Most importantly, we want you to be well so you can enjoy every moment.

Here are some hot tips:

Bring a brimmed hat you like wearing... and use it!

Always have water on you and drink lots of water throughout the day. Remember, as much as you might love sugary or caffeinated drinks, they aren't a replacement for water.

Tip: You can also use packets of rehydration salts in your water to help replace salt and minerals you lose when sweating. A sports drink or snack can also help.

Use sunglasses to protect your eyes, all while looking like a rockstar!

Be a good friend to all. Check in on others and make sure everyone is feeling OK throughout the day. If someone seems unwell, help them get assistance from first aid right away. Don't wait.

We know you're having a blast, but take breaks! Get out of the sun and into shaded spaces to allow your body to recover.

To stay cool and collected, choose lightweight, light-coloured and loose-fitting clothing.

If you feel too hot or unwell, you can always opt-out of certain sports or activities, or try to plan them earlier or later in the day when it's cooler.

When choosing sunscreen, find one that says "broad spectrum" or "UVA/UVB protection" to get the best skin protection.

HEALTH AND SAFETY

SELF-CARE AT THE WSJ

Being around 50,000 other people is amazing and also sometimes overwhelming. It's perfectly normal to need some time to yourself!

It may not be easy to physically get space from others during the World Scout Jamboree, but here are a few tips to help you get some mental space:

Bring headphones so you can retreat to your camp and tune out crowds to listen to some music or relaxing audio that you love. Make sure to download some content for offline listening.

Tell your tent mates when you need a quiet moment to yourself. Everyone will need a moment at some point, so they should be understanding.

Bring a book so you can take breaks from crowds to be immersed in a story. Even if it's 15 minutes a day, this can help bring you peace and recharge your social battery!

Meditate. You can do this with guided audio from YouTube or on your own. Who knows, maybe you'll meet friends at the Jamboree who will join you for 20 quiet minutes to recharge quietly.

If you are feeling stressed and would like to talk about it, the Listening Ear program is available to provide counselling support.

PREVENTING SCOUTER BURNOUT

The Jamboree will be physically and mentally demanding, especially for those in leadership roles. Rest, sleep, and downtime are critical for preventing scouter burnout.

JULs and PULs should work together to schedule regular scouter breaks and rest as a matter of course; this is a crucial part of burnout prevention. Don't try to push through to the point of exhaustion; take breaks before you feel like you need them. If you require further resources to make this happen, CMT will help facilitate.

TIPS FOR BEING A GREAT TENT ROOMMATE

Sharing a small space with others can be challenging. Especially for a two week long camp! Here are 5 tips to help you be the best "tent mate" possible:

1. Communication is key, so create simple living agreements between each other. Try to agree about what you both need to stay comfortable and happy.
2. Be prepared for sleeping with others around. You can't avoid all noise and light, so pack ear plugs and an eye mask to help you sleep.
3. Respect other peoples' physical space. Especially in a tent, it's important not to put things on your tent mates' bed or bags, so each person gets to keep their own part of the small space the way they like it.
4. Respect other peoples' mental space. Some people need more alone time or quiet time than others. Allow your tent mate the space they need to feel energised, happy & healthy enough to enjoy the day-to-day events.
5. Practice good hygiene to keep the tent smelling as fresh as possible. Air out dirty clothes before bringing them in the tent.

Overall, be considerate of others so you can create the best tent base possible together.

HEALTH AND SAFETY

 #09
PERSONAL HYGIENE

It is most important for the Jamboree participants to enjoy the World Scout Jamboree safely and avoid dangerous situations. Do not hesitate to talk to a unit leader, an IST or safety steward and the medical team when you need any help or would like to say anything important.

WASHING HANDS

- Make it a part of your daily routine to wash your hands for your personal hygiene. Most diseases spread through contacts by hands.
- Before cooking and having meals
- After using the toilet
- After the outdoor activities
- Before and after changing a person's bandages

TAKING A SHOWER

- It's likely that the weather around the jamboree campground is hot and humid due to rain. You may be sweating a lot because of the weather so it is highly recommended to take showers and change your clothes at least once a day. It is also recommended for you to choose textiles other than cotton as it usually takes longer to dry. Due to the humid weather your clothes may take longer to dry.

JAMBOREE HOSPITAL

- Jamboree hospital consists of specialized treatment departments such as internal medicine, surgery, orthopedics etc. to deal with any emergencies.
- At the clinic, the nurse checks the condition of the patient first and tells whether to treat oneself at the self-care station, to see a doctor or to just take a rest at the recovery room.
- In case a patient needs more suitable care or surgery due to a major injury or a serious disease, he or she will be transferred to an external affiliated hospital by ambulance or helicopter.
- Operating Hours: 24 hours

HUB CLINIC

- Hub Clinic will operate in five locations during the Jamboree and will be able to handle minor injuries or basic treatments.
- A nurse checks the condition of the patient first and tells whether to treat oneself at the self-care station, to see a doctor or to just take a rest at the recovery room.
- In case of a serious injury, the Hub clinic nurse will order the transfer of the patient to the Jamboree hospital for medical treatments.
- Operating hours: 07:00~22:00

EMERGENCY TREATMENT

- Emergency treatment center supports first aid and transferring emergency patients. They are in places where participants visit frequently and there is a high risk of injury.
- There are 3 emergency treatments centers at Jamboree activity areas and 2 at the main arena and they take assist anyone who is injured during activities or events.
- Ambulances are also available during off-site Jamboree activities to respond to any emergency situation.
- Operating hours in the activity area: 09:00~17:00
- Operating hours in the main arena: During events at the main arena

***In case of emergencies, get to the closest clinic or hospital and ask the staff to notify your Canadian Contingent Management Team.**

PREVENTION AND COUNTERMEASURES OF INFECTIOUS DISEASES

The World Scout Jamboree is preparing all the measures to protect the participants from infectious diseases. It is the most important part in providing Jamboree participants with safe environment.

Covid-19

- Temporary examination center for people with symptoms opens (09:00 ~ 18:00)
- ※ Check-up is done in Jamboree hospital after operating hours.
- Temporary facility for quarantine will open in Gimjae to keep the patient with a confirmed test result in isolation. (24 hours a day)
- All confirmed cases from the Korean contingent are to be sent home.

Other infectious diseases other than Covid-19

- The first diagnosis is made at Jamboree hospital.
- If the symptoms are severe, the patient will be transferred to an affiliated hospital by ambulance.
